# Annual report 2025

## Our year in numbers

12,400 people now have safe water close to home across 38 villages.
210 volunteers were trained, and 300 pupils in Bui received school kits.
Fifteen new taps opened in Wum, taking the Wum Water Project to 15 of 40 planned points.

## Where the money went

Most of every franc goes straight to projects. Programmes took 78%, fundraising 9% and running costs 13%. The full statement is available on request.

| Programme | Raised (XAF) | Goal (XAF) |
|---|---|---|
| Wum Water Project | 21,600,000 | 30,000,000 |
| Girls Back to School | 5,400,000 | 12,000,000 |
| Women's Seed Fund | 7,040,000 | 8,000,000 |
| Mobile Health Clinics | 3,800,000 | 9,500,000 |

# Looking ahead

## 2026 priorities

Finish the remaining 25 water points in Wum before the dry season.
Extend Girls Back to School to two more districts.
Train a second cohort of village water committee members.
Publish this report in French and English every year.
